Once the loan period has been agreed and payment received, Mounts & More will arrange delivery of the loan items to the address provided on the agreed date. Mounts & More will also arrange collection of the items at the end of the loan period. For collection, the equipment must be re-boxed, all components checked against the packing list, and the box securely sealed and addressed. If the box is not ready when the courier arrives for collection you will be responsible for any additional collection costs incurred.
