

Built to the same high standards as all other Daessy Mounting Systems, the NEW Lite Mount is specifically designed for lightweight devices (upto 2kg) including iPads, Tablets, Switches and Cameras. Available in 2 versions: Articulating and Indexed.

ARTICULATING LITE MOUNT Suitable for devices up to 1.5kg

Supplied as standard with 3 tube lengths, 3 adjustable balljoints with allenkey/bolt adjustment, Lite Mount Clamp Inner to fit 1" round frames (also 7/8", 3/4", 22mm & 20mm with sleeves).

Available with choice of end fittings:

LMA/QR Articulating Lite Mount with small face articulating Quick-release Base (takes all Daessy mounting plates/adaptors) **£300.00 ex vat (£360.00 inc vat)**

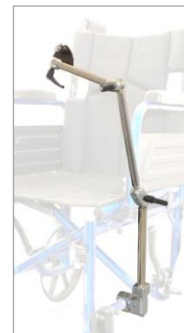

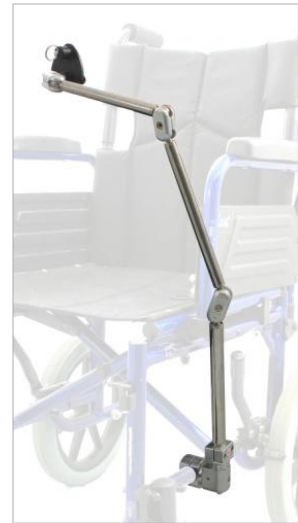

LMA/BB: Articulating Lite Mount with Buddy Button end fitting **£270.00 ex VAT (£324.00 inc VAT)**

LMA/JB: Articulating Lite Mount with Jelly Bean end fitting **£270.00 ex VAT (£324.00 inc VAT)**

LMA/323: Articulating Lite Mount with Manfrotto 323 camera quick-release **£295.00 ex vat (£354.00 inc vat)**

Also available:

LMA/H: Handle kit to convert from bolt to handle adjustment (Note: this reduces the weight bearing ability of the system to approx 1kg) **£30.00 ex vat (£36.00 inc vat)**

INDEXING LITE MOUNT Suitable for devices upto 2kg

Supplied as standard with 3 tube lengths, 2 indexed hirth face joints, 1 adjustable balljoint at end fitting, Lite Mount clamp Inner to fit 1" round frames (also 7/8", 3/4", 22mm & 20mm with sleeves).

Available with choice of end fittings:

LMI/QR Indexing Lite Mount with small face articulating Quick-release Base (takes all Daessy mounting plates/adaptors) **£310.00 ex vat (£372.00 inc vat)**

LMI/BB: Indexing Lite Mount with Buddy Button end fitting **£280.00 ex VAT (£336.00 inc VAT)**

LMI/JB: Indexing Lite Mount with Jelly Bean end fitting **£280.00 ex VAT (£336.00 inc VAT)**

LMI/323: Indexing Lite Mount with Manfrotto 323 camera quick-release **£305.00 ex vat (£366.00 inc vat)**

Hirth-connector/joint

Adjust by allen key. Loosen the joint and adjust position then tighten. Do not have to take completely apart to adjust.

Manfrotto 323 camera quick release

For use with cameras with a threaded insert (tripod mount fitting) Suitable for weights upto 1.5kg (please bear in mind the weight of any extra lenses with SLR Cameras).

IMPORTANT NOTE

Where your wheelchair does not have a round frame of 1" diameter or less to use the Lite Mount Clamp, additional components are available so that the LITE MOUNT will fit most wheelchairs. You will need to specify the Frame Clamp Inner required or make & model of wheelchair.

The **LIPA** is a newly designed Inner Piece Adaptor which replaces the standard IPA on certain Daessy Frame Clamp inner pieces (eg UFCPUMA, UFCPRTC, 35IVSMIP, 40IVSMIP, SALSAIP etc). You will need to order the appropriate Frame Clamp Inner and we will change the IPA for a LIPA before sending the items out (there will be an additional cost for the frame clamp inner).

CLAMP+LIPA: Standard Frame Clamp Inner plus LIPA **£55.00 ex vat (£66.00 inc vat)**: **NB This is in addition to the full Lite Mount price shown overleaf.**

LIPA: Lite Mount Inner Piece Adaptor (if purchased separately) **£30.00 ex vat (£36.00 inc vat)**

The **LMOL** is a specially designed offset link which can connect the **LITE MOUNT** to any standard Daessy Frame Clamp Inners, making the LITE MOUNT range compatible with most wheelchairs. You will need to order the appropriate Frame Clamp Inner plus an LMOL.

CLAMP+LMOL: Standard Frame Clamp Inner plus LMOL **£85.00 ex vat (£102.00 inc vat)**

UFCMFIP+LMOL: Multifit Frame Clamp Inner plus LMOL **£155.00 ex vat (£186.00 inc vat)**

NB This is in addition to the full Lite Mount price shown overleaf.

LMOL: Lite Mount Offset Link (if purchased separately) **£30.00 ex vat (£36.00 inc vat)**

ADDITIONAL COMPONENTS

A range of additional components is available to customise the Lite Mounts to individual requirements. For example different tube lengths or diameters, extra tubes and additional joints may be added at additional cost. Please contact us to discuss specific requirements.

For Assessment Centres we are happy to put together an Assessment Kit tailored to your own requirements. Please contact us to discuss and arrange a quotation.

Prices shown on this leaflet are correct at August 2015 but subject to change.

Prices shown do not include delivery.
