Alternative Frame Clamps ordered as part of a LiteMount	LiteMounts are supplied as standard with the Lite Clamp for 1" round frame. A Standard Series Daessy frame clamp inner piece can be supplied with a LiteMount instead if required, at additional cost with a special adaptor.			
	FCI+LIPA	Standard IPAsyle Frame Clamp Inner (<i>please specify</i>) + LiteMount Adaptor	£55.00	£66.00
	FCI+LMOL	Standard Frame Clamp Inner (<i>please specify</i>) + LiteMount Offset Link	£85.00	£102.00

If you already have a Standard Series frame clamp inner you wish to use with a LiteMount, the adaptors (LIPA or LMOL) can be purchased separately (see Components section).

Note: When a Standard Series Frame Clamp is supplied with a LiteMount the default 1" round clamp is removed and not supplied.

Please contact us if you have any questions regarding the different Frame Clamp options for LiteMounts.

DAESSY ROLLING MOUNTS (FLOOR MOUNTS)

There are two main versions of Daessy floor mount; the standard Rolling Mount (ROM) with a straight arm and the Articulating Rolling Mount (AROM) with an articulating arm.

Each version is available with different base width options (24", 32" and 36") and upright post options (Short, Medium and Tall).

We have specific product codes for each possible combination of width and height along with the range of available quick release bases so you can order the specific combination you need. The width and height options do not change the price.

Example

Articulating Rolling Mount with 32" width, Medium upright post and a TUSB as the quick release:
